

I received a phone call in the late night to inform me that I owed a bill and needed to pay it. She would not give her name and was very rude, said she would place a block on my phone if I did not pay right away. Two weeks later I received a bill from Sharenet Communications Co. Jacksonville Fl. the bill is for \$147.38. I called this number it sounds like a fax machine. I have no one in South Bend that knows the numbers, (574) 289-9081 (574) 251-0843. The time on the calls was 33 min. @ 77.27 and 29 min. @ 70.11. I need to know who made the calls and where they were made from, and is this a legitimate company, and the charge is outrageous. I am disputing this bill
